

Free Mental and Behavioral Health Support for Early Childhood Settings

Services provided will include three tiers of support for children and staff:

Tier 1

- Quarterly staff training
- Quarterly parent training (on the same topic as staff training)
- Topics partially chosen based on the needs and interest of the early learning setting

Tier 2

- 10 hours per month of additional support of staff, families, or children
- Use of support will be decided based on child, family, and staff needs

Tier 3A

- Child specific assessments including: behavioral assessment, psychiatric/psychological assessment, speech and language assessment and a hearing evaluation
- Referrals will be made through the early learning centers and assessments will be individualized based on the needs of the child

Tier 3B

- After the assessment is over there will be additional supports provided
 - 10 hours of child specific support to the early learning center in order to assist with the implementation of recommendations from the assessment
 - 5 hours of additional family support to facilitate connecting them to community resources

Stipends are available to support staff time for training and consultation!
